

Senior Engineer

Description of the Position:

EES is a unique engineering firm that offers great flexibility and benefits differently than the "norm" in our industry. We firmly believe in a work/life balance and have a varied book of customers that allow us to adapt more readily to a fluctuating economy. If you are a civil engineer with a strong/solid history using Civil 3D and/or Microstation design software and can oversee small teams to accomplish project goals, please contact us. We pride ourselves on promoting strong staff regardless of years of experience if a positive attitude, drive to perform, and overall results are consistent and exceptional. See below for further details. Understands project scope. Prepares engineering documents and computations. Must possess an ability to take a project from concept through construction plan design, development and the permitting process.

Day to Day:

- Attends meetings with project team.
- Communicate with clients, municipalities, and agencies as directed.
- Prepare drawings and construction documents. CAD and/or Microstation.
- Direct CAD Technicians on simple assignments.
- Modify plans as reviewed by agencies, municipalities, and clients.
- Provide construction-related services.
- Prepare permit applications, cut sheets, and quantity estimates.
- Perform construction observations.
- Ability to prepare calculations for storm drain, water systems, and develop earth quantities
- Ability to prepare grading, utility, and roadway plans
- Ability to follow and apply CAD standards
- Quality check all work and work of other designers to ensure complete and accurate plans are provided to engineers

Experience, Education and Certifications:

- Bachelors degree in civil engineering
- Registered professional engineer in CO is a plus.
- Demonstrated proficiency in AutoCAD Civil 3D and/or Microstation.
- Must have 5 or more years of civil engineering design experience.

Disclaimer:

- This job description is not meant to be an all-inclusive statement of every duty and responsibility that will ever be required of an employee in this job. Final job offers contingent upon successful completion of personal background checks and drug testing. EES is an equal opportunity Employer.
- Our firm practices proactive ongoing hiring. We will always be looking to add new talent to our team. Your application may be saved as part of a premier talent collection whenever an availability opens up.

Job Type:

Full-time: The estimated starting base salary for this role is \$65,00.00 - 120,000.00.
